Filing Procedures

Electronically Filed Campaign Finance Reports. Candidates in the 2006 elections who receive or expect to receive at least \$1,500 for their campaigns are required to file reports electronically on the Commission's website. Candidates or treasurers must enter the required information and click "File Report" by 5:00 p.m. on the filing deadline. The Commission will conduct training seminars on the e-filing system in 2006. Candidates may request an exception to the e-filing requirement if they lack access to the technology or the technological ability to file reports on the internet. The Commission will grant all reasonable requests for an exception.

Filing Campaign Finance Reports on Paper. For those candidates receiving an exception to the e-filing requirement, the Ethics Commission must receive each original campaign finance report signed by both the candidate and treasurer at its office by 5:00 p.m. on the filing deadline, except in two circumstances. A properly signed report may be faxed to the Commission office at (207) 287-6775 by 5:00 p.m. on the deadline, provided that the original report is received by the Commission within five calendar days. A report that has been mailed to the Commission by certified or registered mail and that is postmarked at least 2 days before the filing deadline will not be considered late, even if it is received after the deadline.
